

Square Opal Frosted LED Channel Cover, 118 in. (3m) Length

- Square opal frosted profile diffuses LED strip light output
- Designed to pair with the 5-LW2020-S channel profile
- Supplied in 118 in. (3 m) lengths for continuous linear runs
- Suited to architectural, cove, and linear accent lighting installs

OVERVIEW

The 5-LW2020-S-CV-10 is a square opal frosted cover designed for use with the 5-LW2020-S LED channel profile. At 118 in. (3 m) in length, this diffuser cover softens and distributes light output from the LED strip installed within the channel, making it suitable for architectural lighting applications, cove lighting, and linear accent installations where a clean, uniform appearance is required.
