

Opal Frosted Cover for LED Channel, 98 in. (2.5 m) Length, 50,000 h Rated

- Opal frosted finish diffuses light for soft, uniform illumination
- Length of 98 in. (2.5 m) fits standard LED channel runs
- Rated for 50,000 h LED lifetime
- Backed by a 1 year warranty
- Durable construction suited to long-term commercial or residential use

OVERVIEW

The 5-LW2310-CV is an opal frosted cover designed for use with LED channel systems, suitable for both commercial and residential lighting installations. The frosted finish diffuses light output, reducing glare and producing a uniform, soft illumination along the length of the channel.

Constructed from durable materials, the cover is rated for a 50,000 hour LED lifetime and is intended for long-term use across a range of fixture profiles. Its low-profile, sleek form integrates with varied interior décors without visual disruption.

The cover is backed by a 1 year warranty.
