

Opal Frosted Cover for LED Linear Fixtures

- Opalescent finish softens and diffuses LED light output
- Fits onto existing compatible linear light fixtures
- Built from high-quality materials for durability
- Straightforward installation reduces maintenance downtime
- Suited for commercial, office, and industrial settings

OVERVIEW

The Opal Frosted Cover is an accessory designed for LED linear fixtures, providing a diffused, opalescent finish that softens light output for a clean, uniform appearance. It is suited for commercial, office, and industrial environments where a polished lighting aesthetic is required.

Constructed from high-quality materials, the cover is built for durability and long-term use. It is designed for straightforward installation onto compatible existing fixtures, minimizing maintenance effort and downtime.
