

Opal Frosted Cover for LED Linear Fixtures, 1 - Year Warranty

- Opal frosted material diffuses light for a soft, even glow
- Reduces visible glare across the fixture face
- Compatible with various LED linear lighting fixtures
- Backed by a 1 - year warranty
- Pairs with LEDs rated for up to 50,000 hours of operation

OVERVIEW

The Opal Frosted Cover is a diffuser accessory designed for LED linear fixtures, suitable for both commercial and residential lighting applications. Constructed from opal frosted material, it produces soft, diffused light distribution that reduces glare and creates a uniform appearance across the fixture face.

The cover is compatible with a range of lighting profiles and installs directly onto the fixture channel, offering a straightforward retrofit or new - install solution. It is backed by a 1 - year warranty and pairs with LED sources rated for up to 50,000 hours of operation.
