

Opal Frosted Cover for LED Linear Fixtures, 50,000 h Rated, 1 - Year Warranty

- Constructed from opal glass for even light diffusion
- Reduces glare while producing uniform luminosity
- Compatible with LED sources rated for 50,000 h lifetime
- Backed by a 1 -year warranty
- Suitable for both residential and commercial installations

OVERVIEW

The Opal Frosted Cover is a diffuser accessory designed for LED linear fixtures, suitable for both commercial and residential lighting installations. Constructed from opal glass, it distributes light evenly across the fixture aperture, reducing glare and producing a uniform, comfortable luminosity.

The frosted opal material softens direct light output while maintaining broad compatibility with various fixture and decor configurations. Installation and maintenance are straightforward, making it a practical option for retrofit or new -construction applications.

The cover pairs with LED sources rated for 50,000 hours of operation and is backed by a 1 -year warranty.
