

Recessed Mount Spring Clip, 50mm x 32mm x 98 in., 39mm Inner Width

OVERVIEW

The 5-LW5032A-H-SC is a recessed mount hanging/spring clip designed for securing and displaying objects in commercial and residential installations. The spring mechanism allows for straightforward attachment and removal, while the recessed mount profile integrates flush into surfaces for a low-profile appearance. The 39mm inner width accommodates a range of channel and extrusion sizes.

Constructed from 6063-T5 aluminum with a silver finish, the clip measures W:50mm x H:32mm x L:98 in. (8.2 ft.) and is rated IP20 for dry indoor environments. Rated life is 50,000 hours. The unit carries a 1-year warranty.
