

Opal Frosted Cover Replacement Lens, Diffused Light Output

- Opal frosted finish diffuses light and reduces glare
- Shields bulb or LED source from dust and physical damage
- Rated for 50,000 hour LED lifetime
- Backed by a 1 year warranty
- Suitable for commercial or residential lighting installations

OVERVIEW

The Opal Frosted Cover is a replacement lens accessory designed to diffuse light output and reduce glare in commercial and residential lighting installations. The frosted opal finish produces soft, even illumination while shielding the light source from dust and physical damage.

The cover is rated for a 50,000 hour LED lifetime and is backed by a 1 year warranty, supporting long-term use in lighting profile assemblies.
