

Opal Frosted Cover for LED Strip Channel, 9.8 ft, 50,000 h LED Lifetime

- Approximately 9.8 ft length per section
- Opal frosted finish diffuses light evenly along channel
- Rated for 50,000-hour LED lifetime
- Backed by 1-year warranty
- Offered as a liquidation sale item

OVERVIEW

The 5-LW6060-H-CV-10 is an opal frosted cover designed for use with LED strip light channels, providing light diffusion across the channel opening. At approximately 9.8 ft in length, it is intended for commercial and architectural linear lighting installations where a uniform, diffused appearance is required along the channel run.

The cover supports LED systems rated for a 50,000-hour operating lifetime, suiting long-run installations where consistent diffusion is needed over extended service periods.

This item is offered as a liquidation product and carries a 1-year warranty.
