

Aluminum LED Channel, Surface & Hanging Mount, 60mm x 60mm x 8.2 ft (Liquidation)

- 60mm x 60mm aluminum extruded channel cross-section
- Overall length of 8.2 ft (98 in) per unit
- Inner channel width of 45mm for strip mounting
- Rated LED lifetime of 50,000 hours
- Surface or hanging mount configuration
- Limited 1-year warranty as a liquidation item

OVERVIEW

The 5-LW6060-H is an aluminum LED channel profile designed for surface or hanging mount installation, featuring a 60mm x 60mm cross-section and an overall length of 8.2 ft (98 in). The extruded housing provides a structured enclosure for LED strip integration in commercial and industrial lighting applications, with an inner channel width of 45mm to accommodate strip mounting hardware.

The rated LED lifetime for strips used with this channel is 50,000 hours. This unit is offered as a liquidation item with a limited warranty of 1 year from date of purchase.
