

## End Caps for LED Linear Fixtures, 2-Piece Set

- Set includes 2 end caps for complete fixture termination
- Resists impacts, dust, and moisture for durable protection
- Designed for seamless fit with standard linear fixture profiles
- Sleek finish supports a clean, professional appearance
- Backed by 1-year warranty on the fixture system
- Rated for 50,000-hour LED lifetime on the fixture system

### OVERVIEW

This 2-piece end cap set provides protective termination for compatible LED linear fixture profiles. The caps guard against impacts, dust, and moisture, making them suitable for installations where fixture integrity and a finished appearance are required.

Constructed for durability, the caps resist common environmental stressors and are intended to integrate seamlessly with standard linear fixture profiles. Installation is straightforward, and the finish presents a clean, professional termination point. The associated fixture system carries a 1-year warranty and an LED lifetime rating of 50,000 hours.
