

Outer Corner Trim for 5-LDU8016 LED Strip Channel, Drywall Profile Accessory

- Outer corner trim piece for 5-LDU8016 channel system
- Provides finished transition where channel runs meet at exterior corners
- Durable construction resists wear over time
- Edge design minimizes exposed sharp corners for safer installation
- Compatible with LED strip rated for 50,000-hour lifetime
- Backed by 1-year warranty

OVERVIEW

The 5-LWU8016-CNO is an outer corner trim piece designed for use with the 5-LDU8017 LED strip channel system. It is intended for architectural installations where channel runs meet at exterior corners, providing a clean, finished transition between channel segments.

Constructed from durable materials, this corner piece is built to resist wear over time. The design minimizes exposed sharp edges, contributing to a safer installation environment. Its profile is suited to a range of architectural styles and finish applications.

Backed by a 1-year warranty and compatible with LED strip rated for a 50,000-hour lifetime.

SPECIFICATIONS
