

End Caps for 5-LDU8016 LED Strip Light Fixtures, 1-Year Warranty

- Designed as termination covers for 5-LDU8016 fixture housing
- Compatible with fixtures rated for 50,000 hour LED lifetime
- Backed by 1-year warranty
- Supports a finished, complete drywall lighting profile installation

OVERVIEW

The 5-LWU8016-Cap provides end caps designed for use with the 5-LDU8016 LED strip light fixtures. These components serve as termination covers for the fixture housing, supporting a complete and finished installation.

The caps are intended for use with fixtures rated for a 50,000 hour LED lifetime, matching the service life of the associated drywall lighting profile. The end caps are backed by a 1-year warranty.
