

Foldable Display Aluminum Beam, 10 ft (3.06 m) — Discontinued

- Aluminum construction for a lightweight, durable frame
- Overall length of 3.06 m (10 ft) for extended display coverage
- Foldable design for compact transport and storage
- Assembles without specialized tools
- Rated for heavy-load stability across display setups
- Backed by a 1-year warranty

OVERVIEW

The 5-P343 is a foldable aluminum display beam measuring 10 ft (3.06 m) in length, designed for use at trade shows, exhibitions, and promotional events. Its aluminum construction provides a clean, professional appearance suitable for a range of display configurations.

The foldable design simplifies transport and storage, and the beam can be assembled without specialized tools. The structure is built to support heavy loads, offering stability across various display applications.

This item carries a 1-year warranty.
