OVERVIEW

The 5-S1.5-4 is a slim light box snap frame with cover, measuring 1.5 inches wide and 4 feet in length. Designed for commercial signage applications, this snap frame profile provides a low-profile housing suitable for illuminated display installations where a clean, minimal frame appearance is required.

The snap frame construction allows for straightforward graphic changes without tools, making it practical for retail, hospitality, and facility environments where display content is updated regularly. The profile is rated for an LED lifetime of 50,000 hours and is backed by a 1-year warranty.
