

Slim Light Box Snap Frame with Cover

- Snap frame design enables tool-free graphic changes
- Slim profile suited for light box signage applications
- Includes cover for finished, ready-to-install appearance
- Designed for commercial and retail display environments

OVERVIEW

The 5-S2-12 is a slim light box snap frame with cover, designed for illuminated display and signage applications in commercial and retail environments. The snap frame construction allows for quick graphic changes without tools, making it suitable for high-turnover display installations.

APPLICATIONS

- Retail storefront signage
- Restaurant menu displays
- Commercial building directories
- Trade show and event signage
