

End Cap with Hole for 5-SL-270 15mm LED Strip Channel

- Pre-formed hole allows wire or cable pass-through at channel end
- Designed specifically for the 5-SL-270 15mm LED strip channel
- Provides a finished termination point at the open end of the channel
- Rated for use with LED strips rated at 50000 h LED lifetime
- Backed by a 1 year warranty

OVERVIEW

The 5-SL-270-CapH is an end cap with a pre-formed hole, designed specifically for use with the 5-SL-270 15mm LED strip channel. It provides a finished termination point at the open end of the channel while allowing a wire or cable pass-through where the hole is required.

The end cap is intended for use with LED strip installations rated for a 50000 h LED lifetime and is backed by a 1 year warranty.
