

Plastic Mounting Clip for 20mm LED Strip Light, 5-SL-270 Compatible

- Plastic construction for lightweight, corrosion-resistant mounting
- Sized specifically for 20mm-wide LED strip profiles
- Compatible with 5-SL-270-20mm LED strip light series
- Backed by a 1-year warranty
- Supports strip systems rated for 50,000-hour LED lifetime

OVERVIEW

The 5-SL-270-20mm-Clip is a plastic mounting clip engineered for use with the 5-SL-270-20mm LED strip light. It provides a mechanical attachment point for routing and fastening the strip along mounting surfaces during installation, simplifying alignment and reducing strain on the strip housing.

Designed as a companion hardware component, the clip supports the 5-SL-270-20mm strip system and is backed by a 1-year warranty. The associated strip carries a rated LED lifetime of 50,000 hours.

SPECIFICATIONS
