

270° Round Series Neon Flex Tube Housing for 20mm / 10mm PCB LED Strip

- 270° round neon flex tube profile for contour and outline lighting
- Sized to accept a 10mm PCB LED strip
- 20mm tube diameter housing
- Rated for 50,000 hour LED lifetime with compatible strip
- 1-year warranty on the housing

OVERVIEW

The 5-SL-270-20mm is a 270° round series neon flex tube housing designed to accept a 10mm PCB LED strip. This component serves as the diffuser and channel enclosure for neon flex installations, providing the characteristic rounded neon profile suited for architectural outlining, signage backlighting, and decorative contour lighting applications.

The housing is rated for a 50,000 hour LED lifetime when paired with a compatible 10mm PCB LED strip, and carries a 1-year warranty. The LED strip itself is sold separately and is not included with this housing.
