

XH Power Feed Cable, Single Side, 12in Length, for CCT Flexible LED Sheet

- Single-side XH power feed cable for CCT flexible LED sheet
- Overall length of 12 inches
- Non-waterproof environmental rating for indoor use
- Compatible LED sheet rated for 5000 hours of operation

OVERVIEW

This XH cable provides single-side power feeding for CCT flexible LED sheet, connecting the LED sheet to a power source at one end of the run. It is intended for use in flexible LED tape and sheet installations requiring a dedicated feed connection point. The cable measures 12 inches in length and carries a non-waterproof environmental rating, suited to indoor and enclosed applications. The associated LED sheet is rated for 5000 hours of operation.
