

## CCT Color Double-End Connectors for LED Sheet Lighting

- Double-end connector configuration for CCT color LED sheets
- Supports interconnection between adjacent LED sheet sections
- Enables dual color-temperature switching or blending functionality
- Designed specifically for LED sheet lighting systems

### OVERVIEW

The 7-FS9-COND-CA3 is a CCT color double-end connector designed for use with LED sheet lighting systems. It provides a reliable termination and interconnection solution for dual-color-temperature LED sheet installations where switching or blending between CCT settings is required.

### APPLICATIONS

- Backlit stone panel installations
- LED sheet lighting interconnections
- Dual-CCT architectural lighting systems
- Commercial indoor lighting fixtures
