

A19 Globe LED Lamp, 5W Dimmable Warm White, E27 Base, 120VAC

- Consumes 5 watts for energy-efficient operation
- Produces warm white light at 3000K color temperature
- Dimmable with a compatible dimmer switch
- 180-degree beam angle for broad light distribution
- Acrylic and aluminum construction with white finish
- Rated LED lifespan of 50,000 hours

OVERVIEW

The 8-E27-A19-G5WW-D is an A19 globe LED lamp designed for residential and commercial lighting applications. It installs into a standard E27 base and operates on 120VAC, making it compatible with common North American electrical systems. The dimmable design allows brightness adjustment to suit a range of environments and use cases.

The lamp consumes 5 watts and produces warm white light at 3000K color temperature with a 180-degree beam angle. The housing incorporates acrylic and aluminum construction with a white finish, and the LED source carries a rated lifespan of 50,000 hours. The dimmable feature requires a compatible dimmer switch for proper operation.

The lamp is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

Color Temperature	3,000 K
Beam Angle	180°
LED Lifetime	50,000 h

MECHANICAL

Finish	White
Material	Acrylic + Aluminum
