- CRI of 80 for adequate color rendering
- Aluminum and plastic construction with white finish
- LED lifetime rated at 50,000 hours
- Compact 150×150mm form factor at 0.8 lb

OVERVIEW

The 8-E27-P46-15WW is a PAR46 LED lamp with an E27 base, designed for use in standard E27-compatible fixtures across residential and commercial applications. Its warm white color temperature suits general illumination where a warmer light quality is preferred.

The lamp operates at 15W across a 120-240V input range and is constructed from aluminum and plastic. It measures 150×150mm and weighs 0.8 lb. A CRI of 80 supports adequate color rendering, and the LED source is rated for 50,000 hours of operation.

The lamp carries a 1-year warranty.
