

PAR16 LED Spot Light, 6W E26 Base, 6000K Daylight, Dimmable, 120V

- 6W consumption at 120V AC operating voltage
- E26 medium -base socket for standard fixture compatibility
- 6000K daylight color temperature for crisp visibility
- 120 -degree beam angle for broad directional spot lighting
- Aluminum housing with white finish
- Rated for 50,000 hour LED lifetime

OVERVIEW

The PAR16 LED Spot Light is a 6W lamp designed for use in standard E26 medium -base fixtures operating at 120V AC. Its PAR16 form factor suits directional spot lighting applications in commercial and residential settings, including retail display, accent, and task lighting.

This lamp produces a 6000K daylight -spectrum output with a 120 -degree beam angle, delivering broad, high -clarity illumination suited to environments where color definition and visual acuity are priorities. The dimmable design allows light level adjustment when paired with a compatible dimmer. The housing is constructed from aluminum with a white finish and is rated for a 50,000 hour LED lifetime.

The fixture carries a 1 -year warranty.

SPECIFICATIONS

OPTICAL

Color Temperature	6,000 K
