OVERVIEW

The PAR30 LED Spot Light is a 10W E26-base lamp designed for directed illumination in commercial and retail environments, including kitchens, offices, art galleries, and showrooms. Its 4000K color temperature delivers a neutral daylight-white output suited to task and accent lighting applications.

The lamp operates at 10W and produces 600 lumens with a CRI of 80, rendering colors and surface textures with reasonable accuracy across a 35° beam angle. The dimmable design allows output to be adjusted to suit varying ambient conditions. Housing combines aluminum and plastic construction, finished in white. Input voltage is 120V, and the LED source is rated for 50,000 hours of operation.

The lamp is backed by a 1-year warranty.
