

PAR38 LED Outdoor Reflector Lamp, 18W
1400lm 6000K Dimmable, 120V

- Delivers 1,400 lumens at 18W for efficient outdoor illumination
- 6000K color temperature produces a crisp, cool white light output
- Dimmable design compatible with standard residential dimming controls
- Rated for 50,000 hours of LED lifetime
- Aluminum and plastic housing construction
- Operates on standard 120V residential and commercial circuits

OVERVIEW

The PAR38 LED Outdoor Reflector Lamp is designed for exterior residential and commercial applications, including architectural accent lighting, facade illumination, and general outdoor area lighting. Its E27 base allows direct replacement of conventional PAR38 halogen or incandescent reflector lamps.

This lamp operates at 18W on 120V and delivers 1,400 lumens at a 6000K color temperature, producing a crisp, cool white output suited for highlighting structural details or providing task-level illumination in outdoor environments. The lamp is dimmable, supporting compatibility with standard dimming controls, and rated for 50,000 hours of LED life. Housing incorporates aluminum and plastic construction.

SPECIFICATIONS

OPTICAL		ELECTRICAL	
Luminous Flux	1,400 lm	Operating Voltage	120 V
Color Temperature	6,000 K	Wattage	18 W
LED Lifetime	50,000 h	Dimmer Type	Dimmable
MECHANICAL		ORDERING	
Finish	White	Warranty	1 y
Material	Aluminum + pastic		

APPLICATIONS

- Architectural accent lighting
- Facade illumination
- Outdoor area and pathway lighting
- Landscape spot lighting
- Exterior security and porch fixtures
