

GU10 LED Spot Light, 3W Dimmable, 2000 Lumens, 60° Beam, 120-240V AC

- Delivers 2000 lumens from a 3W LED source
- 60° beam angle for directional accent lighting
- 80 CRI for accurate color rendering in display use
- Aluminum housing with silver finish, 49mm diameter
- Rated for 50,000-hour LED lifetime
- Operates on 120-240V AC with dimming capability

OVERVIEW

The GU10 LED Spot Light is a compact, dimmable indoor luminaire designed for directional accent and task lighting. Its standard GU10 base makes it a direct replacement for halogen spot lamps in track heads, recessed fixtures, and display lighting.

Rated at 3W and operating on 120-240V AC, this fixture delivers 2000 lumens through a 60° beam angle with an 80 CRI rating, suited for retail, office, and hospitality environments. The aluminum housing with a silver finish supports heat dissipation and long-term durability, and the LED source carries a 50,000-hour rated life. Dimming capability allows output adjustment to meet varying application requirements.

The fixture carries a 1-year limited warranty.

SPECIFICATIONS

OPTICAL

Luminous Flux	2,000 lm
Color Temperature	4,000 K
CRI	80
Beam Angle	60°
LED Lifetime	50,000 h

MECHANICAL

Product Dimensions	Diameter 49mm
