OVERVIEW

The GU10 LED Spot Light (3W) is a compact replacement lamp designed for directional accent and task lighting in commercial and residential retrofit applications. Its standard GU10 base allows drop-in compatibility with existing fixtures across a wide range of installations.

This lamp operates on 120-240VAC and draws 3 watts, delivering 2000 lumens of warm white light with a CRI of 80 and a 60° beam angle. The 49mm diameter aluminum housing with silver finish is sized for standard GU10 downlight and track fixtures, and rated lifespan reaches up to 50,000 hours, reducing lamp replacement frequency and associated maintenance costs.

The lamp carries a 1-year warranty.
