

GU10 LED Bulb 6W 5000K Dimmable
120V, 1000 Lumens, 120° Beam Angle

- Delivers 1000 lumens at 6W for energy-efficient replacement lighting
- 5000K cool white color temperature with 80 CRI
- 120° beam angle for broad, general-purpose illumination
- Dimmable design compatible with standard dimmer switches
- Rated for 50,000 hours of LED lifetime
- White plastic housing measuring 2 × 2 × 3 in, 0.4 lb

OVERVIEW

The GU10 LED bulb is a directional replacement lamp designed for recessed and track fixtures in kitchens, offices, and commercial environments. Its wide 120° beam angle delivers broad illumination suited to general and ambient lighting layouts rather than tightly focused accent work.

The lamp operates at 6W on 120V and produces 1000 lumens of cool white (5000K) light with a CRI of 80. Dimmable capability allows light level adjustment when paired with a compatible dimmer, and the rated LED lifetime is 50,000 hours. The housing uses a white plastic construction measuring 2 × 2 × 3 in and weighing 0.4 lb.

The bulb is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

Luminous Flux	1,000 lm
Color Temperature	5,000 K
CRI	80
Beam Angle	120°
LED Lifetime	50,000 h

MECHANICAL

Product Dimensions	2 × 2 × 3 in
Finish	White
Material	Plastic
Weight	0.4 lb
