

BR40 E26 LED Smart WiFi Bulb, 15W RGBW 1400lm, 120° Beam Angle, CRI 80

- 15W power draw with 1400 lumen output
- RGBW color output with WiFi remote control and scheduling
- 120° beam angle for broad area coverage
- CRI 80 for accurate color rendering
- 2835 SMD LED chip array
- 50,000-hour rated LED lifespan

OVERVIEW

The Lumipro Smart Series BR40 E26 LED WiFi Bulb is designed for indoor lighting applications where remote control and color flexibility are required. Its BR40 form factor and standard E26 base allow straightforward installation in existing fixtures without additional hardware.

The bulb operates at 15W and delivers 1400 lumens with a CRI of 80, providing accurate color rendering suitable for retail, hospitality, and residential-grade commercial spaces. A 120° beam angle from the 2835 SMD chip array provides broad coverage for general illumination. Rated for 50,000 hours of service life, it reduces relamping frequency in regularly occupied areas. WiFi connectivity enables remote operation and scheduling without a separate hub or controller.

The bulb carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

Luminous Flux	1,400 lm
CRI	80
Beam Angle	120°
LED Chip Type	2835 SMD
LED Lifetime	50,000 h

MECHANICAL

Material	Aluminum, plastic cup and lens
Mounting	E26 base

ELECTRICAL

Wattage	15 W
