

Frosted PC Cover for 6 ft Dual-Tube T8 LED Strip Light Fixture

- Frosted polycarbonate construction resists dust, moisture, and impact
- Designed for 6 ft dual-tube T8 LED strip light fixtures
- Disperses light evenly to reduce glare and soften illumination
- Secure, tool-friendly fit onto compatible housings
- Backed by a 1-year warranty
- Rated for 50,000-hour LED lifetime

OVERVIEW

The 8-T8X2-CV-F-6 is a frosted polycarbonate cover designed for 6 ft dual-tube T8 LED strip light fixtures. It is suited for office, commercial, and industrial environments where light quality and fixture protection are priorities.

The frosted diffuser disperses light evenly across the coverage area, reducing glare and producing a softer illumination profile. The polycarbonate construction provides resistance to dust, moisture, and impact, extending the serviceable life of the fixture assembly. The cover is designed for a secure, tool-friendly fit onto compatible 6 ft dual-tube T8 housings.

The fixture assembly carries a 1-year warranty and an LED lifetime rating of 50,000 hours.
