

Frosted PC Cover for 8-Foot T8 Dual-Tube LED Fixture, 1-Year Warranty

- Frosted polycarbonate construction diffuses light evenly across the fixture
- Sized for 8-foot dual-tube T8 fixture housings
- Reduces glare and eye strain in occupied commercial spaces
- Provides a degree of protection against dust and moisture ingress
- Backed by a 1-year warranty
- Pairs with LEDs rated for 50,000-hour lifetime

OVERVIEW

The 8-T8X2-CV-F-8 is a frosted polycarbonate cover designed for 8-foot dual-tube T8 linear fixtures. It serves as a replacement or upgrade diffuser, providing a clean, finished appearance while distributing light more evenly across the coverage area.

The frosted PC material diffuses output to reduce glare and minimize direct eye strain, making it suitable for occupied commercial and industrial spaces. The cover also provides a degree of protection against dust and moisture ingress. Installation is designed to be straightforward and compatible with standard 8-foot T8 fixture housings.

The cover is backed by a 1-year warranty and is paired with LED components rated for 50,000 hours of service life.
