

## 2FT Double-Row Integrated LED Tube Light, 18W, 2340lm, 5000K

### OVERVIEW

The Lumipro D2 Series 2FT Double-Row Integrated LED Tube is a direct-wire, built-in-driver tube fixture designed for commercial and institutional applications including offices, warehouses, schools, hospitals, and retail environments. The double-row SMD2835 LED configuration and frosted PC cover deliver wide, uniform illumination across a 120-degree beam angle.

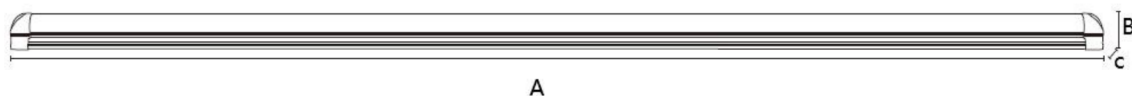

Rated at 18W with an input voltage range of AC100–277V, the fixture operates at 5000K CCT and achieves 130 lm/W efficacy. The aluminum heat sink supports a rated lifespan of 50,000 hours. Operating temperature range is -20°C to 45°C, making it suitable for both conditioned and unheated spaces. Power factor exceeds 0.95, and THD is rated at 20% or below.

The fixture carries RoHS compliance as confirmed in product documentation. The manufacturer provides a 3-year warranty on this unit. Contractors should verify applicable local electrical codes prior to installation, as input voltage compatibility and wiring configurations may vary by jurisdiction.

### SPECIFICATIONS

<b>Power</b>	18 W	<b>Input voltage</b>	AC 100–277V V
<b>Luminous flux</b>	2340 lm	<b>Dimensions</b>	47.2 × 1.38 × 1.30 in
<b>CCT</b>	5000 K	<b>Weight</b>	1 lb
<b>CRI</b>	80	<b>Rated life</b>	50000 hr
<b>Beam angle</b>	120 °	<b>Warranty</b>	5/3 yr
<b>IP rating</b>	IP20	<b>Operating temp</b>	-20 to 45 °C
