

20-Inch 2-End Plug Extension Cable for T8x2 Tube Lights, 50,000-Hour Rated

- 20-inch cable length for extended fixture-to-fixture runs
- 2-end plug design for secure connection at both ends
- Compatible with T8×2 tube light configurations
- Rated for 50,000-hour LED lifetime
- Backed by a 1-year warranty

OVERVIEW

The 8-T8×2-UN20 is a 20-inch, 2-end plug extension cable designed for T8×2 tube light fixtures. It provides additional reach and flexibility during installation in commercial and residential lighting applications requiring extended cable runs between fixture components.

The cable features a secure connection at both ends and is built for reliable, long-term use, rated for a 50,000-hour LED lifetime. It is compatible with T8×2 tube configurations and supports installations where fixtures are spaced beyond standard cable reach.

The product carries a 1-year warranty.
