OVERVIEW

The 9-CH-IR2-WT is a dual-ring LED chandelier light designed for residential and commercial ceiling applications where both aesthetics and functional illumination are required. The fixture features two rings of different diameters in a white housing, offering an architectural profile suited for lobbies, dining areas, and open commercial spaces.

The fixture operates at a combined power output of 36W+24W and delivers 5,400 lumens of uniform illumination with a CRI of 80. Adjustable color temperature allows the light tone to be tuned to the application via the isolated LED 3 color driver. The unit accepts a 120-240V input range, simplifying installation across standard electrical configurations, and is rated for a 50,000 hour LED lifetime.

This item carries a limited 1-year warranty as a final sale, discontinued product.
