

15 in. Round Edge-Lit LED Flat Panel Flush Mount, 22.5W CCT Selectable

- 22.5W integrated LED edge-lit panel construction
- 15 in. round flush-mount profile for low-clearance ceilings
- CCT selectable color-changing output with dimming capability
- Operates across 120-240V input range
- Steel and PMMA housing with white finish
- LED rated for 50,000 hour service life

OVERVIEW

The 9-CP23-CCT is a 15 in. round edge-lit LED flat panel designed for flush-mount ceiling installation in residential and light commercial applications. Its slim profile and edge-lit construction suit low-clearance spaces where a clean, uniform appearance is required.

The fixture operates at 22.5W on 120-240V and features color-changing (CCT selectable) output with dimming capability, allowing the color temperature to be adjusted to suit the space. The housing is constructed from steel and PMMA, finished in white.

The LED source is rated for 50,000 hours of service, and the fixture carries a 1-year limited warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Product Dimensions 15 in diameter

Finish White

Material Steel+PMMA

Mounting Flush Mount

ELECTRICAL

Operating Voltage 120-240 V
