

Surface Mount Bracket for 100W UFO Highbay, ETL - G Series

- Compatible with ETL-G Series 100W UFO Highbay fixtures
- Surface mount configuration replaces pendant or hook mounting
- Adjustable positioning for varying installation conditions
- Supports fixture rated for 50,000-hour LED lifetime
- Backed by 1-year warranty

OVERVIEW

The 9-HB-U100-ETL-G-Bracket is a surface mount bracket designed for use with the ETL-G Series 100W UFO Highbay fixture. It is intended for commercial and industrial installations where a secure, surface-mounted configuration is required in place of a standard pendant or hook mount.

The bracket provides stable fixture support with adjustable positioning to accommodate varying mounting conditions. Its construction is suited for integration into a range of architectural environments without compromising the performance of the connected 100W high bay fixture, which carries a rated LED lifetime of 50,000 hours.
