

## Architectural Linear Grid Series Suspension Embedded Accessory – White

### OVERVIEW

The 9-LG-Z-E-WT is the embedded installation accessory for the SL8860 Architectural Linear Grid Series, finished in white. It is designed to support recessed/embedded mounting configurations for SL8860 series linear luminaires in commercial applications including offices, hospitality, and libraries.

This accessory is part of a broader system that supports multiple mounting methods—suspension, ceiling, wall, and embedded—and is compatible with the full range of SL8860 fixture lengths (2 ft, 4 ft, and 8 ft). The white finish aligns with the standard color options available across the SL8860 product line.

No independent certifications or warranty terms are confirmed for this accessory component in the available source data. Refer to the SL8860 series datasheet for system-level specifications and compliance information.
