- L-shaped connector plate for up-down light fixture mounting
- Finished in black for compatible luminaire configurations
- Nominal dimensions of 202 × 202 mm
- Wall or pole mount installation
- Rated IP20, non-waterproof environmental rating
- Backed by a 5-year warranty

OVERVIEW

The LUMIPRO EVERLINE L-Type Connector Plate is a mounting accessory used with up-down light fixtures for wall or pole installations. The L-shaped plate provides a structural connection point between fixture and mounting surface, finished in black to suit compatible luminaire configurations. Nominal plate dimensions are 202 × 202 mm.

The plate carries an IP20 rating and is classified as non-waterproof, suitable for indoor or protected applications within an ambient operating range of -20 to 40 degrees C. The connector is backed by a 5-year warranty.
