- White finish for coordinated fixture appearance
- IP20 rated for dry indoor use
- Dimensions of 335 × 202 mm
- Wall or pole mount installation
- 5 -year manufacturer warranty
- Rated for 50,000 -hour LED lifetime

OVERVIEW

The LUMIPRO EVERLINE T-Type Connector Plate is a mounting accessory designed for use with up-down light fixture installations. The T-configuration plate provides a junction point for multi-directional fixture runs, supporting clean and structured wiring transitions in commercial and architectural lighting layouts.

The connector plate measures 335 × 202 mm and carries an IP20 rating, suited for dry indoor environments. It is finished in white and mounts to wall or pole surfaces.

The plate carries a 5-year warranty and is rated for a 50,000-hour LED lifetime.
