

Connector Plate for Up/Down Light, X-Type, Black, 335 x 335 mm

- X-type junction plate for four-way linear fixture connections
- Black finish for consistent visual integration with fixture runs
- Measures 335 × 335 mm for standard up/down light layouts
- Rated IP20 for indoor, non-waterproof applications
- Operates in ambient temperatures from -20°C to 40°C
- Backed by a 5 year manufacturer warranty

OVERVIEW

The LUMIPRO EVERLINE Connector Plate is an X-type junction accessory designed for use with up/down light fixture installations. It provides a structured mounting and connection point where four runs meet, supporting clean, professional routing in linear lighting layouts.

The plate is finished in black and measures 335 × 335 mm. It carries an IP20 rating and a non-waterproof environmental rating, suited for indoor use within an ambient operating range of -20 to 40°C.

The connector plate is backed by a 5 year warranty and is rated for an LED lifetime of 50,000 hours when used with compatible EVERLINE fixtures.
