

Connector Plate for Up/Down Light Fixtures, X-Type, White, 335 x 335 mm

- X-type connector plate for up/down light fixture runs
- Overall dimensions of 335 × 335 mm
- White finish for coordination with ceiling and wall surfaces
- IP20 rated, non-waterproof, for dry indoor use
- Ambient operating range of -20 to 40 °C
- 5-year warranty with 50,000-hour LED lifetime rating

OVERVIEW

The LUMIPRO EVERLINE Connector Plate is an X-type junction accessory used with compatible up/down light fixtures. It provides a structured mounting and connection point where four fixture runs intersect, supporting organized layouts in commercial and industrial lighting installations. The plate is finished in white to coordinate with standard ceiling and wall surfaces.

The unit measures 335 × 335 mm and carries an IP20 rating, indicating suitability for dry, non-waterproof indoor environments within an ambient operating range of -20 to 40 °C. It is backed by a 5-year warranty and rated for an LED lifetime of 50,000 hours.
