

T-Joint Connector for 9-LP LED Light Strip, 3CCT, Black, 1-Year Warranty

- T-shaped configuration branches a single feed into two directions
- Finished in black to match 9-LP series fixture housings
- Compatible with 9-LP series light strips featuring 3CCT selection
- Backed by a 1-year manufacturer warranty
- Supports connected fixtures rated for a 50,000-hour LED lifetime

OVERVIEW

The 9-LP-Z-CNT-T-BK is a T-joint connector designed for use with 9-LP series LED light strip systems. It is intended for multi-run installations where a single feed point must branch into two directions, allowing contractors and installers to extend or split lighting runs without additional junction hardware.

This connector supports flexible layout configurations, enabling uniform illumination across complex installation geometries. Its design produces a clean, finished appearance suitable for both commercial and residential applications.

The connector is backed by a 1-year warranty and is compatible with 9-LP fixtures rated for a 50,000-hour LED lifetime.
