

X-Type Joint Connector for 9-LP Linear Light, 3CCT, Black

- X-type configuration for branching linear light runs
- Compatible with 9-LP linear light system, 3CCT
- Black finish for consistent appearance across installations
- Rated for 50,000-hour LED lifetime
- Backed by a 1-year warranty

OVERVIEW

The 9-LP-Z-CNT-X-BK is an X-type joint connector designed for use with the 9-LP linear light system in 3CCT configurations. It provides a secure, reliable connection between multiple luminaires, making it a functional component for building out continuous or branching linear lighting runs.

The connector features a black finish suited for installations where hardware visibility is a consideration, supporting a clean and consistent appearance across the completed assembly.

The connector carries a 1-year warranty and is rated for a 50,000-hour LED lifetime as part of the connected system.

SPECIFICATIONS
