

Upper Module for 2 ft Linkable Light, 3-CCT Selectable 3000K/4000K/5000K, White

- Selectable 3-CCT color temperature: 3000K / 4000K / 5000K
- 2 ft upper module designed for linkable lighting systems
- White finish for consistent aesthetic integration
- Rated for 50,000 hour LED lifetime
- Backed by a 1 year warranty
- Can be used standalone or integrated into linked configurations

OVERVIEW

The 9-LP-Z-UM2-CCT-WT is a 2 ft upper module designed for linkable lighting systems, suitable for a range of commercial and industrial applications. It can be integrated into existing linked configurations or deployed as a standalone fixture, offering installation flexibility across multiple settings.

The module features selectable 3-CCT color temperature (3000K / 4000K / 5000K), allowing the lighting output to be adjusted to suit the specific visual requirements of the space. It is noted for high color rendering capability and energy-efficient operation, with a durable construction rated for a 50,000 hour LED lifetime.

The module is backed by a 1 year warranty.

SPECIFICATIONS

OPTICAL

Color Temperature	3,000–5,000 K
