

Upper Module for 8 ft Linkable Strip Light, 3-CCT Selectable 3000K/4000K/5000K, Black

- 8 ft length upper module for linkable strip light systems
- Selectable CCT: 3000K, 4000K, or 5000K
- Black finish for a clean commercial appearance
- 50,000-hour rated LED lifetime
- 1-year warranty

OVERVIEW

The 9-LP-Z-UM8-CCT-BK is an 8 ft upper module designed for use with linkable strip light systems. Its selectable CCT functionality supports three color temperature settings — 3000K, 4000K, and 5000K — allowing installers to match the lighting output to the requirements of the space.

The black finish provides a clean, professional appearance suited to office environments, retail merchandise displays, and similar commercial applications. The LEDs are rated for 50,000 hours of operation, supporting long-term use in commercial settings.

The module is backed by a 1-year warranty.
