

40W Replacement Driver for 2x2 Flat LED Panel Lights, 1 - Year Warranty

- Rated 40W output for 2×2 flat LED panel compatibility
- Supports rated LED lifetime of 50,000 hours
- Backed by a 1 -year manufacturer warranty
- Designed as a direct replacement component for panel maintenance

OVERVIEW

The 9-P2×2-40W-Driver is a replacement driver designed for use with 2×2 flat LED panel lights rated at 40W. It is intended for contractors and facility maintenance personnel who need a direct replacement component to restore panel operation without replacing the full fixture.

This driver is rated for 40W output, matching the power requirements of compatible 2×2 flat panel luminaires, and supports a rated LED lifetime of 50,000 hours when paired with compatible fixtures.

The driver carries a 1-year warranty.
