

LED Panel Light Installation Frame Kit, 2 ft x 4 ft, 2 in Height

- Frame kit sized for 2 ft x 4 ft LED panel lights
- Overall frame height of 2 inches for standard ceiling grids
- Supports recessed or surface-mount installation methods
- Backed by a 1-year warranty
- Compatible with panel fixtures rated for 50,000-hour LED lifetime

OVERVIEW

The 9-PF2×4 is an installation frame kit sized for 2 ft x 4 ft LED panel lights. It supplies the mounting structure needed to recess or surface-mount compatible panel fixtures into drop ceilings or framed ceiling assemblies, suited to commercial and institutional retrofit or new-construction projects.

The frame measures 2 in in height, allowing it to fit standard ceiling grid depths while accommodating the panel fixture above the ceiling plane. It carries a 1-year warranty and is rated for use with panel fixtures rated to a 50,000-hour LED lifetime.
