

24W Dual White Magnetic Floodlight Track Light, 2700K–6500K CCT, 48V DC

OVERVIEW

The 9-TK-FT24VFL-CCT is a 24W dual white magnetic floodlight track light designed for 48V DC low-voltage magnetic track systems. With a wide 120° beam angle and tunable color temperature spanning 2700K to 6500K, it is suited for accent, ambient, and general illumination in commercial interiors such as retail, hospitality, and gallery environments.

The fixture operates on 48V DC and is rated for ambient temperatures from -10°C to 40°C (14°F to 104°F). Wireless control is supported over distances up to 50m in open areas, compatible with the system's 2.4GHz gateway for smartphone app and third-party voice control integration. The foldable, magnetically mounted design allows repositioning along compatible 48V magnetic track rails without tools.

No certifications have been confirmed in the available source documentation. Consult your Poli LED & Signs representative for compliance documentation and warranty terms applicable to this product.

SPECIFICATIONS

Power	24 W	Beam angle	120 °
Luminous flux	1530 lm	IP rating	IP20
CCT	2700-6500 K	Input voltage	48 V
CRI	90	Operating temp	-10 to 40 °C
