OVERVIEW

The G Series LED Track Light is a 20W adjustable track fixture designed for commercial and retail lighting applications requiring directional illumination. Its wide input voltage range of 120-240VAC makes it compatible with a broad range of electrical systems, and the 4000K color temperature delivers a neutral white light suitable for general commercial environments. The fixture is finished in black with an aluminum housing measuring 70 × 90mm.

This unit is offered as a final sale item at a reduced price.
