

H Series LED Track Light, 10W, 6000K, 80° Beam, Black Finish

- 10W power output for energy-efficient accent lighting
- 6000K color temperature delivers cool, daylight-range illumination
- 80-degree beam angle suited for focused display lighting
- 80 CRI color rendering for accurate product and artwork tones
- 120-240V wide input voltage range for flexible installation
- 50,000-hour rated LED lifetime for long-term operation

OVERVIEW

The H Series LED Track Light in black is a directional track-mounted fixture designed for accent and display lighting in retail stores, art galleries, and museums. Its low-profile form factor and black finish integrate cleanly into commercial ceiling track systems.

The fixture operates at 10W with a 6000K color temperature and an 80-degree beam angle, delivering cool, daylight-range illumination suited for product display and artwork. It accepts a 120-240V input range, renders color at 80 CRI, and is rated for a 50,000-hour LED lifetime.

The fixture carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

Color Temperature	6,000 K
CRI	80
